PMMA-XT-MIRROR IS OUR MOST WIDELY USED PLASTIC MIRROR SHEET.

It has the aesthetical and functional effects of a normal mirror, but it is also:

SHATTERPROOF – LIGHTWEIGHT – FLEXIBLE

DEFORMABLE – THERMOFORMABLE

WARM TO TOUCH – IN MANY COLOURS…

Location: Covent Garden, London. #ReflectLondon

With sparkling clarity, like a glass mirror, you can obtain all the effect of the mirror but with the possibility to cut and form it into shapes. The material does its job with a perfect reflection and an increased perception of volumes. The colored gamma offers an excellent opportunity to catch the attention and influence the ambience. The gamma and the simplicity of processing the PMMA-XT-MIRROR boost and release your creativity.

In the sign industry, PMMA-XT-MIRROR provides long lasting UV resistant signs. In the promotional industry, PMMA-XT-MIRROR increases the feeling of luxury and reinforces the sensitivity of the value of products being displayed — so your products get the promotion *they deserve*.
